

ENVIRONMENTAL CONVENTION 01 02 03

INVESTMENT PROJECTS

LOCAL AND REGIONAL DEVELOPMENT

- AFRICA · Execution of country studies and production of national Refrigerant Management Plans in 14 low volume consuming countries in eastern and southern Africa, to phase out CFC in the service sector
 - Implementation of Refrigerant Management Plans (RMP) for 14 low volume consuming countries in eastern and southern Africa
- ALGERIA · Project preparation for the phase out of ODS use in the flexible foam sub-sector
 - Project preparation in the solvent sector
 - Project preparation, technical assistance in the halon sector
 - Sectoral phase out programme: establishment of a halon bank
- BRASILIA · Customs officer training
 - Phase out plan training mechanics in domestic refrigeration
 - Training program for the refrigeration maintenance sector
- CHINA · C-11 and CFC-12 in the manufacture of domestic refrigerators
- CROATIA · Preparation of project proposal technical assistance for the halon sector
- CUBA · Cuba, Swaziland, Lebanon: Study and implementation of “medium-sized” projects for financing of incremental costs caused by the conversion of production to energy efficient refrigerators
 - Ministry of Education; Consulting on energy supply of institutional large-scale catering establishment
 - Phase OUT Plan Preparation of a CFC phase out management plan
- EGYPT · Development of an refrigerant management plan
 - Development of four alternatives to the use of methyl bromide in horticulture
 - Elaboration of a proposal on the financing of energy conservation measures in the cooling sector

ENVIRONMENTAL CONVENTION 01 02 03
INVESTMENT PROJECTS
LOCAL AND REGIONAL DEVELOPMENT

- EGYPT · Implementation of the RMP: Establishing a national recovery and recycling network
- Implementation of the RMP: Implementation of measures to address the informal sector
- Implementation of the RMP: Modification of legal provisions and information system
- Project preparation for two methyl bromide alternative demonstration projects
- EUROPE · Promoting compliance with the Montreal Protocol in countries with economies in transition (Croatia and Romania)
- GAMBIA · Development of a refrigerant management plan
- GERMANY · Consultation on the execution of environmental audit measures in the context of GEF
- Elaboration of a M&E tool for household energy. Implementation of training
- GLOBAL · Information video: Working safely with hydrocarbons in domestic and small scale commercial refrigeration
- INDIA · Preparation of a national strategy to reduce and eliminate the use of CFC refrigerants in the servicing sector
- INTERNATIONAL · Production of a video set for decision-makers of energy planning in African countries
- IRAN · Preparation of a national CFC phase-out plan
- Project Preparation for the development of a foam sector strategy for Iran
- Project preparation for the development of an ODS phase out management plan
- Project preparation for the phase out of ODS use in the flexible foam sub-sector in 5 companies
- KENYA · Project preparation for the solvent sector
- Technology transfer leading to methyl bromide phase-out
- LEBANON · Remaining issues for a RMP and preparation of strategy

ENVIRONMENTAL CONVENTION 01 02 03

INVESTMENT PROJECTS

LOCAL AND REGIONAL DEVELOPMENT

- MAROCOCO · Project preparation/technical assistance in the halon sector
 - Three alternatives to the use of methyl bromide
- MAURITIUS · Phase OUT Plan Project Preparation for a CFC terminal phase out management
- NAMIBIA · Phase OUT Plan Project preparation for a terminal ODS
 - Recuperation and recycling of CFC-12 integrated with the introduction of hydrocarbon technology
- NIGERIA · Halon Banking Sectoral phase-out program establishing a halon bank
 - Projekt preparation/technical assistance
- OMAN · Halon Banking Sectoral phase-out program establishing a halon bank
- PAPUA NEW GUINEA · Project preparation for the development of an ODS phase out action plan
 - Project preparation for the development of an ODS phase out action plan
 - Terminal phase-out management plan for ODS (1st phase)
- SYRIA · Development of halon banking management plan
 - Implementation of the RMP: National recovery and recycling network
- WEST ASIA · Halon banking management plan in West Asia countries: Bahrain, Lebanon, Qatar and Yemen
 - Survey for halon banking management plan in West Asia: Bahrain, Lebanon, Qatar and Yemen
- ZIMBABWE · Preparation of project proposal - Project preparation for a terminal ODS phase-out plan
